

THE FACULTY OF BIOLOGY AND MEDICINE OF THE UNIVERSITY OF LAUSANNE (UNIL), SWITZERLAND AND THE UNIVERSITY MEDICAL CENTRE OF LAUSANNE (CHUV) INVITE APPLICATIONS FOR THE POSITION OF

**FULL PROFESSOR, HEAD OF THE DIVISION OF ENDOCRINOLOGY, DIABETOLOGY AND METABOLISM**

The successful candidate is expected to lead and coordinate the Division of Endocrinology, Diabetology and Metabolism of the CHUV by stimulating interdisciplinary collaboration, within the UNIL and with other national and international centres. He/she should be an established clinical and basic scientist, as well as an experienced teacher.

We seek a candidate holding:

- A board certification in endocrinology, diabetology and metabolism in Switzerland or abroad.
- A well established teaching record and an independent research program.
- Recognized leadership and experience in organization, interdisciplinary and network collaboration, and in administration and management.

The candidate should have a good working knowledge in French or the capacity to acquire it quickly.

The job description is available on the Web at the address [www.unil.ch/fbm/page2295.html](http://www.unil.ch/fbm/page2295.html). For further information, please contact Prof. Sergio Fanconi ([Sergio.Fanconi@chuv.ch](mailto:Sergio.Fanconi@chuv.ch)), chair of the search committee.

Applications, including a full curriculum vitae, copy of diplomas, a list of publications with a copy of the five most relevant ones and a brief statement of the research program and teaching experience, should be sent before October 31st, 2008 to Prof. Patrick Francioli, Dean of the Faculty of Biology and Medicine, rue du Bugnon 21, 1005 Lausanne, Switzerland.

The University of Lausanne wishes to promote the access of women to academic careers and encourages applications from women.
